

Liner Construction Certification
Cross Generating Station
CCR Lateral Landfill Expansion
Cell 1B2

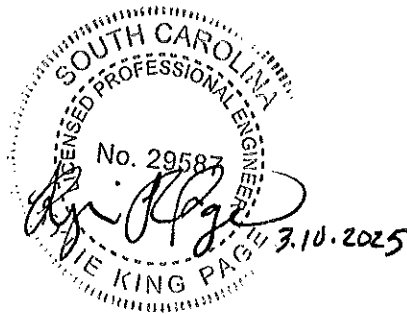

Federal CCR Rule: 40 CFR 257.70(f)
CCR Unit: Santee Cooper Cross Generating Station Class Three Landfill (CCR Landfill)

Certification:

I, Kylie Page, a qualified professional engineer registered in the state of **South Carolina** and the construction quality assurance engineer-of-record, certify that the composite liner system and the leachate collection and removal system have been constructed in accordance with the design and specification documents issued July 2024, and the construction details are provided in the Construction Quality Assurance Report issued February 24, 2025.

The design is in accordance with the Cross Generating Station Class Three Landfill Permit Application approved by the South Carolina Department of Health and Environmental Control on March 27, 2013(Permit No. LF3-00007). The design of the composite liner and leachate collection and removal system was certified by Fletcher M. Wood, P.E., Worley, the design engineer-of-record, on May 12, 2023. The certification for liquid flow rate through the alternative composite liner was provided by Fletcher M. Wood, P.E., Worley, the design engineer-of-record, on November 21, 2024
