SANTEE COOPER (SCPSA)
WINYAH GENERATING STATION (WGS)
UNIT 2 SLURRY POND CLOSURE
NPDES #SC0022471
Georgetown County

Dear Ms. Jackson:

On November 9 Shauna Stevens and me were inspecting the Coal Pile Area Sump Modifications and also rode by the above referenced closure project. At that time closure of Unit 2 Slurry Pond was substantially complete.

Based on the information submitted to this office by Ms. Susan Jackson, P.E. and after reviewing the letter from Byron Amick, with the Industrial Wastewater Permitting Section, dated August 1, 2017, all items have been satisfied in accordance with conditions set forth in the Closure Plan.

This letter shall serve as approval for the decommissioning of Unit 2 Slurry Pond.

If you have any questions or concerns please contact me at 843-238-4378 or ragisdalm@dhec.sc.gov.
