

Spring into Electric Vehicles (EVs) with our EVolve Grant

Are you thinking of expanding your fleet to include electric vehicles (EVs) or are you working on an EV project at your business? Santee Cooper offers up to \$25,000 of grant funding to help with EV projects.

Project Categories: Customers are encouraged to apply* for EV projects in our four project categories:

1. Make-Ready Research
2. Education and Outreach
3. Electric Vehicle Charging Infrastructure
4. Electric Fleet Conversion

*Applications go through a competitive scoring process that will be completed by an independent third-party. Funding of projects is not guaranteed.

For more information on applying for grant funding, visit santeecooper.com/EVolvegrant, email e-mobility@santeecooper.com, or call us at **800-804-7424**.

CONGRATULATIONS TO OUR LATEST EVOLVE GRANT RECIPIENTS

Veranda at
Market Common

Embassy Suites
Oceanfront Resort at
Kingston Plantation

Sterling Euliss
Enterprises

Each of these businesses was awarded an EVolve Grant to support electric vehicle projects, including the installation of EV chargers at their businesses. This is just one way Santee Cooper is helping customers prepare for a more sustainable energy future.
