Solar share is convenient, clean and affordable.

Benefits of solar share include:

- No cost or wait for installing solar panels.
- No maintenance or upkeep.
- No need to worry about getting enough sun on your roof.

You can purchase up to 6 kW and benefit from Solar Share until December 2033.

To learn more about your Solar Share options, visit **www.santeecooper.com/solarshare**, email **solar@santeecooper.com** or call **1-800-804-7424**.

If you have a pool, you could double the benefits by receiving a rebate for the pool pump and save money by having it supplementally powered by Santee Cooper's Solar Share program! Set your pool timer to run during the day when solar is producing electricity.
