

# Don't let rising temperatures raise your bill, too.

We offer several programs to help you stay in control of your monthly bill.

## Budget Billing

Monthly expense planning is easier when you pay the same amount each month.

## Pick Your Due Date

You decide what day of the month is best for you to pay.

## MEL

Sign up for online account management and go paperless to be entered for a chance to win a **\$50 bill credit**.

# STAYING SAFE

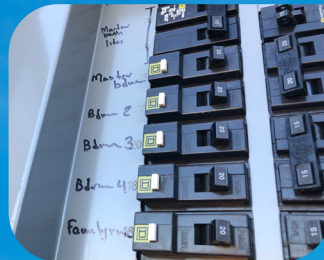

## It's Electrical Safety Month.

Learn more about your electric meter and breaker panel.

### ELECTRIC METER:

- Typically on an exterior wall.
- Measures energy use.
- Contact us if you're doing major electric work. Do not remove your electric meter.
- Santee Cooper is responsible for the meter. The meter base is maintained by the customer.

### BREAKER PANEL OR FUSE BOX:

- Usually found inside.
- Allows you to control appliances, outlets, lights, etc.
- Clearly label each breaker/circuit to indicate the equipment it controls.

Your safety is important to us. Keep these tips handy to stay safe and prepared.
