

Light Up Your Savings this 4th of July

Santee Cooper offers rebates on LED lighting opportunities to make your business more energy efficient, which could help you save on your electric bill. If you have not replaced your lighting and lighting controls, now is a great time to make plans to do so this year.

- Certified Retrofit Lighting: \$0.40 per reduced watt
- Non-certified Retrofit Lighting: \$0.20 per reduced watt
- Lighting Controls: up to \$50 per sensor

For more information and to start your projects to receive a Santee Cooper rebate, visit www.santeecooper.com/business, email commercial.energy@santeecooper.com or call 800-804-7424 today.
