

# Join our Small Business Energy Saver Program

As summer winds down, now is the perfect time to start planning your business upgrades. Our Small Business Energy Saver Program is here to help with your energy-saving projects.

## *Here's what we do:*

- 1** Perform a **NO COST** energy assessment
- 2** Install new equipment and manage the entire project
- 3** **MAY PAY A SIGNIFICANT PORTION** of the project cost

# By upgrading, you'll see a big difference in your business!

By making some small energy-efficient changes now, you could experience big energy savings in the future. And, if you upgrade today, the Santee Cooper Small Business Energy Saver Program may pay a significant portion of the cost.

santee cooper®  
small business

energy saver  
program

**Reduced energy and  
maintenance costs**

**Increased comfort and  
employee productivity**

**Enhanced value of  
your business and  
its appearance**

**Improved workplace  
safety**

## Energy-efficient upgrades include:

**EXTERIOR LIGHTING | INTERIOR LIGHTING | REFRIGERATION**

Now offering refrigeration for GB customers as part of this program. If you are wondering if your business qualifies, please give us a call.

**Upgrade today! 833-208-5957**
