

Shop for a Smart Thermostat **This Holiday Season!**

Most retail locations offer discounts for smart thermostats around the holidays. If you pair that with the \$50 Santee Cooper Smart Thermostat rebate, it's a win-win! Smart thermostats allow you to manage the temperature in your business from anywhere using a smart device.

Just a reminder:

The 2025 Rebate
Year ends Nov. 30.

DEFEAT THE PEAK. BANK THE SAVINGS.

Winter rates bring higher costs during peak hours. Smart energy habits can help your business manage demand and avoid costly surprises:

- **Winter Peak Hours:** From 5–9 a.m., energy use costs more. Shift major loads earlier or later to cut costs.
- **Heat Strips Spike Demand:** Electric strips can raise your bill quickly- Avoid using them when possible.
- **Preheat Smart:** Warm your space before 5 a.m. to stay comfortable and avoid costly morning peaks.
- **Smarter Controls:** Thermostats and timers can stagger loads and reduce demand during peak hours.
- **Efficiency Pays:** Insulation and maintenance help lower heating needs and keep bills steady.

DEFEAT THE PEAK.

Winter:

5 - 9 AM

November – March
