\$34.99!***

## DEFEAT THE PEAK.

Winter:  
**6 - 9 AM**  
November – March

## DEFEAT THE PEAK. **BANK THE SAVINGS.**

Do shifting and delaying your appliances really make a difference? **100%.**

Reduce your electric bill by delaying the dishwasher until after Peak Hours, running the thermostat and water heater before and after Peak Hours, using the clothes dryer during the 21 hours outside of Peak Hours or using just one appliance at a time.

It's easy to Defeat The Peak and Bank The Savings.

Winter Peak Hours are 6 a.m. to 9 a.m. November through March.

Learn more at **DefeatThePeakSC.com**.

### Reminder:

Shift outside of peak hours does not mean there will be NO peak charge, but it will minimize peak charges.
