SAVING ENERGY SAVES MONEY

Saving energy can save your business money, and small changes can make a big difference.

- Replace old appliances with ENERGY STAR® models.
- Maintain your HVAC equipment: Clean equipment, replace filters, fix leaks and troubleshoot issues.
- Install smart thermostats.
- Unplug unused technology and appliances.
- Add automatic lighting controls, like occupancy sensors in restrooms.
- Use solar-powered outdoor lighting.

Our EmpowerBusiness program offers rebates to help with upgrade costs. Learn more at empowersc.com/business.
