Smart Control, Convenience and Savings

Smart thermostats make smart business sense by saving your business energy and money.

Smart thermostats:

- Allow temperature control, whether you're in the office or not.
- Learn usage patterns and optimize heating/cooling automatically, which can reduce bills.
- Improve comfort for customers and employees.
- Provide energy analytics, helping businesses make data-driven decisions to improve efficiency.

In addition, Santee Cooper offers a **\$50 rebate** to business customers who purchase and install a qualifying smart thermostat.
