

# Big Savings for Small Businesses

Receive expert guidance, equipment upgrades, and financial assistance to help lower your energy costs with our Small Business Energy Saver Program. Our team will guide you through every step and pay up to 80% of the upgrade costs.

Learn more at [santeecooper.com/sbes](https://santeecooper.com/sbes).

## *Here's what we do:*

- 1 Schedule a **FREE** energy assessment.
- 2 We'll identify opportunities to improve your facility's energy efficiency.
- 3 Our team will help manage the project, and the program may pay a significant portion of the project cost.

## A Recipe for Savings: Commercial Kitchen Rebates

Upgrading your commercial kitchen equipment is the ultimate recipe for a happy, high-speed crew, satisfied customers – and a more efficient power bill.

We offer rebates for:

- LED Display Case Lighting
- Electronically Commutated Motors
- ENERGY STAR® Refrigerators and Freezers
- ENERGY STAR® Kitchen Appliances
- Demand Control Kitchen Hood
- Refrigerant Suction Line Insulation

Ready to upgrade and get your rebate?
