

iNote – March 18, 2020

As we continue to follow public health experts' guidance and best practices to protect employees and the community, Santee Cooper has made the decision to close facilities to visitors except those providing essential services and deliveries. Please take this into consideration as you make plans for the coming weeks.

Stay tuned for further announcements as changes occur and decisions are made. For more information, please visit our [COVID-19 iPort page](#) or go to www.santecooper.com/COVID19.
