## Terms and Conditions

**I hereby apply to Santee Cooper for Pay As You Go Electric (PAYGE) service in accordance with their "Terms and Conditions" and applicable rate schedules. Santee Cooper's Terms and Conditions and retail rate schedules are available upon request or by visiting [www.santeecooper.com](http://www.santeecooper.com).**

- I understand that the minimum to fund a PAYGE account is \$70. \$20 for the nonrefundable connection fee and \$50 towards the pay as you go credit balance.
- In the event that Santee Cooper is unavailable to get a daily reading I understand that Santee Cooper will process a reading as soon as one becomes available and that I am responsible for all usage charges since my last meter reading.
- I understand that with a PAYGE account I will no longer receive a paper or electronic monthly bill. Instead I will receive alerts via email, text message or voice calls.
- I understand that I am responsible for updating my PAYGE account alert settings and contact information so that Santee Cooper can accurately send my PAYGE alerts.
- I understand that I am responsible for checking my account balance, which is available 24 hours a day, seven days a week, at <http://prepay.santeecooper.com> or by calling 1-844-332-3757, to ensure my account has a credit balance, and I should not depend solely on my PAYGE alerts.
- I understand that my electric service will be subject to immediate disconnection anytime my account does not have a credit balance, including weekends, holidays, or during severe weather conditions.
- I understand that the minimum payment amount for PAYGE accounts is \$10.
- I understand that once payment has been made my meter will automatically reconnect electrical power to my home usually within an hour, but if communication issues exist it could take longer.
- I understand that after being disconnected for 21 days, my PAYGE account will be closed. If I wish to reestablish service, I will be required to start a new PAYGE account.

**If same day service is requested after 5:00 PM, a \$45.00 service charge will be applied and must be paid at that time.**

**Service Time Frame:** One (1) working day if only a meter is needed, up to ten (10) working days if installation of overhead service is needed or up to fourteen (14) working days if installation of underground service is needed.

**The main breaker should be in the off position before the meter is set.**
