

2016-2017 SANTEE COOPER PRESCRIPTIVE REBATE PROGRAM OVERVIEW

Program Period	December 1, 2015 to November 30, 2017
Eligible Rate Schedules	GA, GB, GV, GT, GL, TP, TA
Individual Facility Caps	Program Caps - \$200,000, Aggregate Caps \$300,000

NOTE: All rebates are subject to the eligibility requirements and Terms & Conditions of the program (see Program Manual for details)

Standard Measures and Corresponding Rebates

LIGHTING		REFRIGERATION	
NOTE: ALL Retrofit Lighting & Sensors MUST BE PRE-APPROVED		Anti-sweat Heater Controls	\$15 / Linear Ft. (door length)
Screw-in CFLs	\$0.15 / reduced Watt	Auto-closers	\$100 each – Walk-in \$75 each – Reach-in
General Luminance	\$0.30 / reduced Watt	LED Display Case Lighting	\$8 / lamp (Retro T8) OR \$10 / lamp (Retro T12)
LED Pool Lighting	\$0.40 / reduced Watt	Door Gaskets	\$3 / Linear Ft. (door perimeter)
Lighting Controls	\$45 / sensor – day lighting controls	High-efficiency Door (Display Cases)	\$75 Each (low temp cases only)
	\$10 / sensor – fixture occupancy sensor	High Efficiency Display Cases	\$20 / Linear Ft. (Open Display Case) \$70 / Linear Ft. (Reach-In, Refrigerator) \$150 / Linear Ft. (Reach-In, Freezer)
	\$10 / sensor – wall occupancy sensor	Night Covers	\$7 / Linear Ft. (Vertical and Horizontal)
	\$50 / sensor – ceiling occupancy sensor	Installing Doors on Open Display Cases	\$25 / Linear Ft. (case width)
LED Channel Letter Signage	\$2.50 / lin. ft. – ≤ 2 ft. high	Evaporator Fan Controllers	\$25 Each – Display Case \$50 Each – Walk-in Cooler
\$5 / lin. ft. – > 2 ft. high		High Efficiency Low Temperature Compressor	\$50 /ton
BUILDING ENVELOPE		Electronically commutated motors	\$50 / motor Fractional HP Only (Less than 1 HP)
Attic/Roof Insulation	\$0.15 / sq ft (≥R-38)	ENERGY STAR® Refrigerated Vending Machines	\$90 Each
Cool Roof	\$0.10 / sq ft	ENERGY STAR® Commercial Refrigerators	\$70 Each
Reflective Window Film	\$0.40 / sq ft	ENERGY STAR® Ice Machines	\$250 Each (100-500 lbs/day) \$400 Each (501-1,000 lbs/day) \$500 Each (>1,000 lbs/day)
High Efficiency Windows	\$0.75 / sq ft	Strip Curtains	\$5 / Linear Ft. (Vertical and Horizontal)
Weather Stripping	\$0.05 / linear ft.		
Variable Speed Pool Filter Pump	\$300 / HP		
HVAC			
UNITARY HP (Air Cooled – single phase)	Tier 1: \$300 Tier 2: \$500		
3-Phase HVAC	\$0.30/kWh Saved		
CHILLERS	\$10 / ton, PLUS \$350 /ton per kW/ton unit increase over minimum IPLV efficiency		
PTACs/PTHPs	\$50 / ton		
VRF/Mini-split systems	\$250 / ton		
VFD Installation	\$50 / HP		
HVAC Tune-Up	< 5-tons: \$50 rebate to contractor >= 5-tons: \$100 rebate to contractor		
Duct Sealing & Insulation	\$200 / system (limit 2 systems/ facility)		

Standard Program Steps

Steps	Retrofit Lighting	New Construction Lighting	Refrigeration, HVAC, or Building Envelope Measures
Step 1	Submit Retrofit Lighting Workbook PRIOR to installation along with all other necessary documents.	Purchase and install eligible measure(s)	Purchase and install eligible measure(s)
Step 2	Purchase and install eligible measure(s) AFTER approval by Santee Cooper	Submit New Const. Lighting Wkbk along with all other necessary documents. 14 days to review and additional 2-3 Weeks to receive rebate check	Submit Rebate Application along with all other necessary documents. 14 days to review 2-3 Weeks to receive rebate check
Step 3	Submit Installation Notice and final Lighting Workbook Receive Rebate Check within 2-3 Weeks		

- Customers will have 14 Days to respond to Santee Cooper request for clarification or additional information.
- Santee Cooper retains the right to inspect installed measures up to (2) years.
